

04.08.2020

In connection with the development of the mining industry, and the development of new horizons, the demand for the products used is increasing. In this regard, with the joint work of the teams of specialists of LLC Dneprovsky Pipe Works and LLC VKP KhNZ, a stand for hydraulic testing of pipes with a maximum test pressure of up to 120 MPa was developed, manufactured and put into commercial operation. Which is successfully operated in the conditions of our enterprise, to confirm the quality of the pipes produced by Dneprovsky Pipe Works LLC!
